

Always Prompt and Thorough

Brentwood Clean is the FIRST CALL we make when we have Construction clean up needs! They are always prompt and thorough, and many times have responded to our call within hours! Our clients have been very happy with the cleanliness in which we have left their home or business when we have used Brentwood Clean after a construction project. Exodus Industries has been so impressed with Brentwood Clean's services for our clients, that our staff has used them many times in their own personal homes.
